

Stoke Hammond Signage Guide

The risk assessment* requires the following signs:

- Warning signs placed near the start/finish points.
- **“Cycle Event in Progress” warning signs** visible to traffic approaching the course on the four roundabouts, as illustrated below by yellow arrows on the detailed diagrams overleaf.

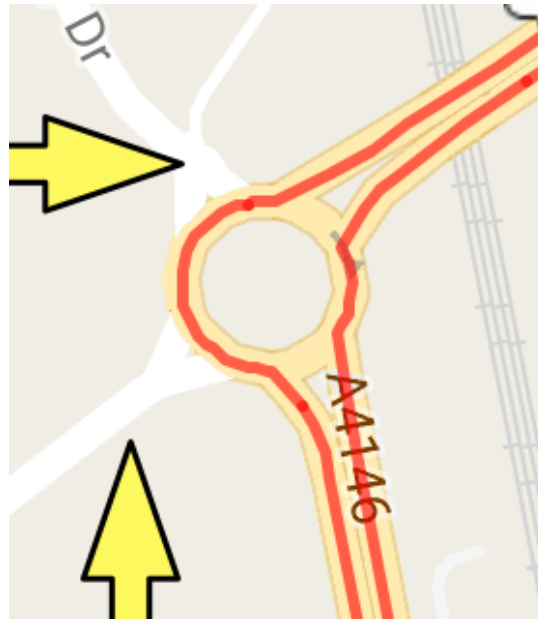

Course map

This course requires signage to be placed on four roundabouts. Care should be taken at all times when placing and removing signs. High visibility jackets should be worn, and crossing the carriageway on foot should be avoided.

RAB 1 (passed twice)

RAB 2 (passed twice)

RAB 3 (passed twice)

RAB 4 – turn (passed once)

* The principles used for determining sign placement are as follows:

1. Signs to be placed near start/finish areas
2. Signs to be placed where riders join a major road from a minor road
3. Signs to be placed where motor traffic joins the course at roundabouts
