This course covers mostly quiet rural lanes but is quite challenging with ascents, sharp turns and occasionally poor road surfaces to challenge your bike handling skills!

You'll need the following:

- A working bike (no specialist time trial bikes permitted)
- Front and rear lights
- A protective helmet

The GPS trace of the course is available at <https://ridewithgps.com/routes/41976593>

Please note that these events are held on open roads and you should take due care and attention to other road users.
